

## Non-Prophet Organization?

Amos 7:10-15

July 18, 2010 \* The Gifted Ones

Profit has to do with money; prophet is one of the gifted ones

Prophets hold us accountable before God

The urgency of their message is spoken harshly

They understand the danger in maintaining the status quo

Prophets speak forth the word of the Lord

They see things on earth from the heavenly perspective

They shout warnings to God's people

So that we may correct our course and live

They speak the word of God to warn us that if we continue to live in sin, we will most certainly die

When the prophet speaks the word of warning

The prophet would then stand in the gap between God and humanity and plead on behalf of the people for God to save them

We cannot afford to be a non-prophet organization
